Animals	Approval from the Animal Care Committee	Any research or teaching work to be undertaken with animals (vertebrates or cephalopods) must be the subject of a written animal use protocol approved by the uOttawa Animal Care Committee (ACC) and renewed annually in order to meet regulatory and funding agency requirements. Please contact us for assistance with this.	Office of Animal Ethics & Compliance mbedar7@uottawa.ca 613-562-5800, ext. 6021 Roger Guindon Hall, Office 1311 451 Smyth, Ottawa, K1H 8M5 http://research.uottawa.ca/acvs/
	Veterinary and animal facility services	Protocols are submitted through the Topaz system. For initial access to Topaz, please submit the following form: http://research.uottawa.ca/acvs/	
	Training	Animal work is complex and resource intensive. Early communication with the Animal Care and Veterinary Service (ACVS) to discuss any new work to be undertaken with animals is important to ensure that the best possible support can be provided for your work, including veterinary services and appropriate space and logistics.	Animal Care and Veterinary Service horlando@uottawa.ca Tel : (613) 562-5412 Fax : (613) 562-5467 Roger Guindon Hall, Office 1311 451 Smyth, Ottawa, K1H 8M5
		All new animal users (researchers, students, post-doctoral fellows, technicians) should register at http://www.med.uottawa.ca/ACASonline/newUserReg.php for access to ACVS services and facilities. Animal use training will be provided according to need.	http://research.uottawa.ca/acvs/
